

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 11 May 1978

25X1 1. [] BRIEFING Received a call from Ellie, Senate Foreign Relations Committee staff, who requested some information about the 4 May testimony on the Middle East arms balance impact on ground balance of Admiral Turner before the Committee. The information provided to her included classification of testimony, members present and witnesses.

25X1 2. [] LIAISON Called Dan Doran, Administrative Assistant to Representative Edward Madigan (R., Ill.), in connection with a letter from the Congressman requesting any briefing books or reading materials on the People's Republic of China we could provide to a constituent, []

25X1 [] I told him that the only materials we would have available to the public on China would be those released to the public through the Library of Congress. I told him that I could forward to him a list of these publications, which included several reports on China, along with instructions for obtaining them. He said that would be fine. The list was forwarded this date.

25X1 3. [] LIAISON Accompanied [] OS, to the office of Leonard Weiss, of the Senate Governmental Affairs Subcommittee on Energy, Nuclear Proliferation & Federal Services staff, for the purpose of inspecting storage facilities. The safe is located in 6206 Dirksen Senate Office Building. [] has the name of the safe custodian and will so record the same.

I then presented Mr. Weiss with his sanitized notes on [] which are classified Secret. I informed Mr. Weiss that the document which he had requested to be declassified (Item 14) was a Department of Energy document and he would have to go to them to have it declassified. (Item 14 is part of a package that was previously reviewed by Mr. Weiss and was also previously shown to the Joint Committee on Atomic Energy.)

25X1 ✓ 4. [] LIAISON Spoke with [] DIA, regarding recent requests for compartmented clearances of two Senate Appropriations Committee staffers. I asked [] to determine if (1) the staffers are new permanently assigned and (2) if they will be replacing individuals who may therefore have their clearances removed.

25X1
